5th Grade 4-H Lesson #8 - Microorganism Mystery

- S5L4: Obtain, evaluate, and communicate information about how microorganisms benefit or harm larger organisms.
- a. Construct an argument using scientific evidence to support a claim that some microorganisms are beneficial.
 - b. Construct an argument using scientific evidence to support a claim that some microorganisms are harmful.

Communicate: Using the clues, what do you believe is the cause of the sickness in London? _____

Evaluate & Communicate: Imagine a hurricane has hit the coast of Georgia. It has caused flooding and a loss of power to all the coastal area. Your town is collecting bottled water to send to those affected. Why is bottled water so important to the people affected by the storm? _____
